

THEY COULD HAVE BEEN BIGGER THAN EMI

A DISCOGRAPHY OF NOW DEFUNCT INDEPENDENT RECORD LABELS THAT RELEASED VINYL

This is a working sheet to the above book project.
The 3rd edition is in work and will be probably out in spring 2012.

This pdf is for

UK-LABELS Nineties and later Part 2 (N - Z)

and contains a general view what information I'm looking for.
Each working sheet has 3 chapters.

1. the search for the town where the label comes from
2. the search for a label logo
3. a list of labels with gaps (red marked)

Please notice:

Sometimes a logo exists, but up to now no idea about the hometown, vice versa.
So please have a look at both chapters.

For logos: I need rough scans 300 dpi, minimum size 2 inches.
I'll prepare everything for print, so don't worry about the quality.
Scans don't have to be perfect. I'm happy with every gap filled.

You'll find lists with all named labels of my book at
<http://www.get-happy-records.com/Labels-Disco/LinkSeite.htm>

All information about missing defunct labels is welcome.
Also I'm looking for people interested in scanning some sleeves for the picture pages.
But please write before starting.

Any question?

Feel free to write to: [vinyljunkie\(at\)buissnet.com](mailto:vinyljunkie@buissnet.com)

CHAPTER 3

Here are a handful labels with missing catalogue numbers. Gaps are marked red.
A question mark means, that the catalogue number is unknown.
This chapter is always in work. Monthly, sometimes weekly updates.
Note: This are only a few **UK-labels 9Ts and on N - Z** (most labels are complete)
Don't worry about the quality of the logos. Bad quality cause low pdf result.
