

THEY COULD HAVE BEEN BIGGER THAN EMI

A DISCOGRAPHY OF NOW DEFUNCT INDEPENDENT RECORD LABELS THAT RELEASED VINYL

This is a working sheet to the above book project.
The 3rd edition is in work and will be probably out in spring 2012.

This pdf is for

US-LABELS Nineties and later Part 2 (N - Z)

and contains a general view what information I´m looking for.
Each working sheet has 3 chapters.

1. the search for the town where the label comes from
2. the search for a label logo
3. a list of labels with gaps (red marked)
(chapter 3 will be completed in April/May 2011)

Please notice:

Sometimes a logo exists, but up to now no idea about the hometown, vice versa.

So please have a look at both chapters.

For logos: I need rough scans 300 dpi, minimum size 2inches.

I´ll prepare everything for print, so don´t worry about the quality.

Scans don´t have to be perfect. I´m happy with every gap filled.

You´ll find lists with all named labels of my book at

<http://www.get-happy-records.com/Labels-Disco/LinkSeite.htm>

All information about missing defunct labels is welcome.

Also I´m looking for people interested in scanning some sleeves for the picture pages.

But please write before starting.

Any question?

Feel free to write to: [vinyljunkie\(at\)buissnet.com](mailto:vinyljunkie(at)buissnet.com)

CHAPTER 3

Here are a handful labels with missing catalogue numbers. Gaps are marked red.
A question mark means, that the catalogue number is unknown.
This chapter is always in work. Monthly, sometimes weekly updates.
Note: This are only a few **US-labels 9Ts and on N - Z** (most labels are complete)
Don't worry about the quality of the logos. Bad quality cause low pdf result.
